

 SAROS

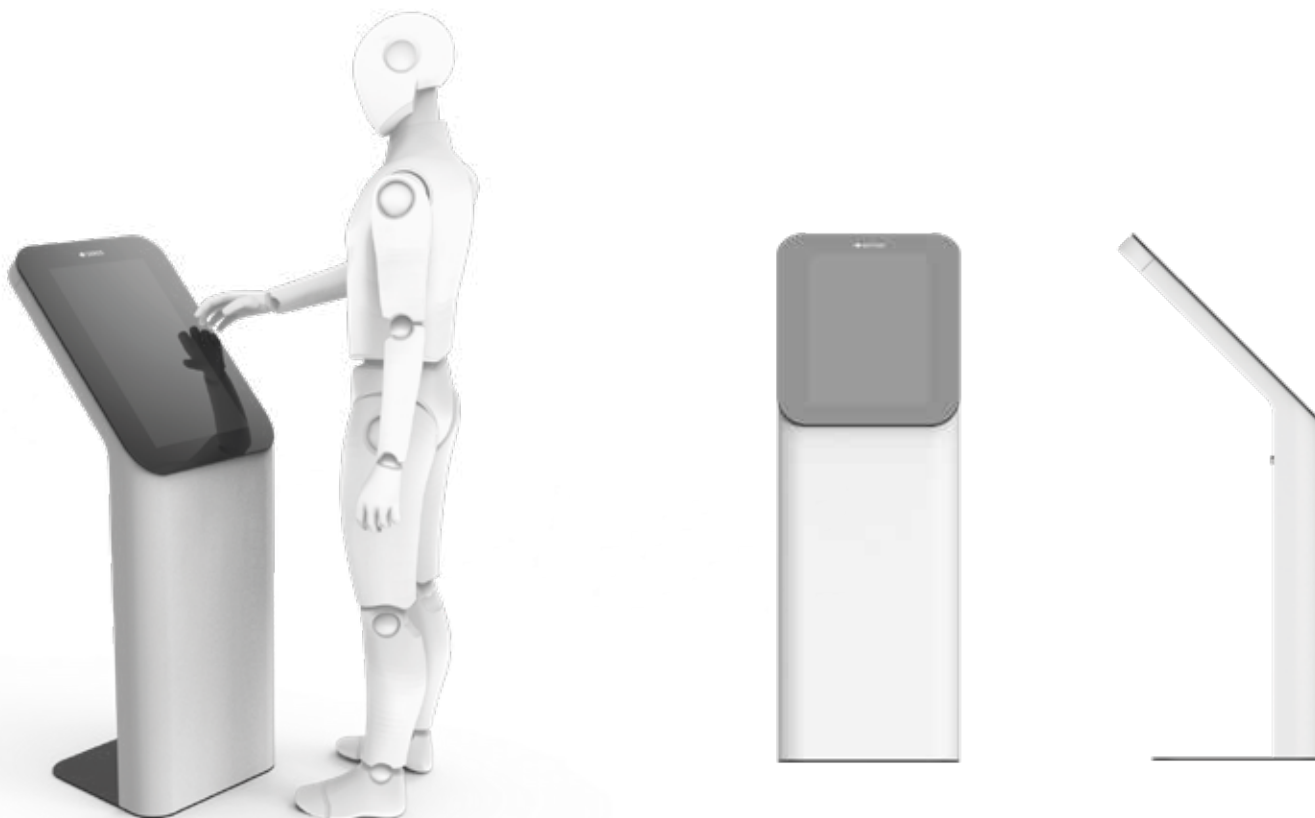

SOLIX[®]
DIGITAL SIGNAGE SYSTEMS

Minimalist design. Efficient message.

Saros is the astronomical period after which the Earth, Sun, and Moon return to nearly the same alignment with each other, and the eclipse cycles begin to repeat themselves. It is synonymous with order and perfect matching. That's what our infokiosk line is like. Minimalistically designed devices will fit into your space. Dynamic advertising? Map of the facility? Announcements for employees?

Discover our products and create an interactive space of information exchange!

TECHNICAL SPECIFICATIONS

SAROS 24" touch

SCREEN

Size	24"
Brightness	315 nits
Resolution	Full HD

SIZE

1315 x446 x 519 mm

WEIGHT

35 kg

SIDES

One-sided

INSTALLATION

Free-standing, anchored to the floor

FINISHING MATERIALS

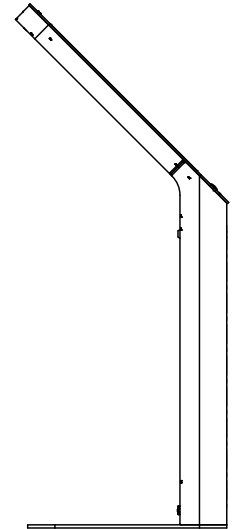

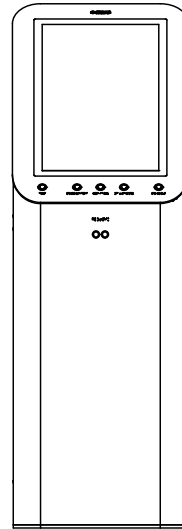

Powder coated metal housing according to the RAL template, tempered glass

ADDITIONAL FUNCTIONS

Computer with digital signage system, touch screen

OPTIONAL FUNCTIONS

Webcam, code reader, payment terminal, fiscal printer

TECHNICAL SPECIFICATIONS

SAROS 24'' BRAILLE

SCREEN

Size	24"
Brightness	315 nits
Resolution	Full HD

SIZE

1315 x446 x 519 mm

WEIGHT

35 kg

SIDES

One-sided

INSTALLATION

Free-standing, anchored to the floor

FINISHING MATERIALS
